

"doing what it takes"

Agricultural Equipment Service Technician

LDI is seeking skilled and highly motivated Agricultural Equipment Service Technicians to join our team!

Job Description:

A successful candidate will be detail oriented, self-motivated, and efficient. This individual will analyze, service, perform maintenance operations and repair agriculture machinery and equipment including tractors, combines, sprayers, planting, tillage, and hay equipment.

Duties and Responsibilities:

Under the supervision of the Service Manager, this position:

- Performs diagnostics and determines repair needs for customer vehicles or agricultural equipment, and establishes plan to repair
- Coordinates with the Parts Department to acquire parts required for service work on customer equipment
- Accurately records labor hours and stating all work performed
- Makes Service Manager and customer aware of any additional repairs needed
- Prepares new equipment prior to initial customer delivery
- Works productively to maintain shop safety
- Informs Service Manager in a timely manner of any issues related to the service operations of the location
- Attends required meeting as scheduled
- Responsible for any other duties that may be assigned by the Service Manager

Job Skills:

The Service Technician must:

- Have extensive knowledge of agricultural equipment, diesel trucks, and related engines and equipment
- Maintain and cultivate a professional relationship with fellow employees, company owners, customers, and product vendors
- Be computer literate and possess the ability to learn and utilize software such as CDK Global Business system, AGCO Diagnostic Tools, manufacturer's parts systems, spreadsheets, and email

"doing what it takes"

- Be able to safely operate a forklift truck, hoists, and other specialty equipment, and be able to maintain shop safety practices within OSHA guidelines

Qualifications:

- High School diploma or GED required
- Technical or Associate's degree in Agricultural or Diesel Mechanics is preferred
- Minimum of 2-years progressive experience in farm equipment, diesel truck, or automotive service operations recommended
- Related mechanical repair experience will be considered
- Valid driver's license
- Pre-employment drug screen, motor vehicle records check, and background check required
- Provide personal tools for basic mechanic work - specialized tools are provided by the company

Benefits:

LDI offers competitive wages based on experience and a benefit package that includes paid health insurance, 401K retirement plan, paid holidays, paid time off, performance based incentives, overtime, uniforms, and other optional benefits.
